## Medical Billing and Collections

Let MedManagement speed your reimbursement, reduce practice costs, and eliminate the need for you to deal with the daily hassle of billing and collections. Our courteous billing and collections employees average fifteen (15) years experience and a certified coder (CPC) is on staff to ensure proper coding and reduce rejected claims. Features of our service include:

### 1. Electronic Billing

- Charges processed 24-48 hours upon receipt
- Charges verified for correct coding via Alpha II coding module
- Electronic claims transmission to BCBS, Medicare, Medicaid and McKesson with claims uploaded to carriers daily
- Audit trails reviewed to insure correct information is received

### 2. Payment Posting

- Electronic remit posting for BCBS and Medicare
- All commercial and patient payments posted
- Denials are reviewed and reprocessed immediately

### 3. Insurance Follow-up

- Ongoing follow-up with insurance companies to maximize reimbursement
- Review outstanding claims monthly and provide customized reports
- Electronic claims status and eligibility verification with BCBS and Medicare

### 4. Collections

- Patient aging reports reviewed monthly
- Patient letters sent in concurrence with practice policy
- Patient phone calls (soft collections)
- Detailed collection process customized to practice needs

**Management summary reports are provided monthly and reviewed with the practice administrator.**
